

4 in 1 Nut Driver

Quickly change hex sizes.

Malco's exclusive, dual-sided magnetic hex drivers fit over a magnet-tipped, ball locking hex shaft, and can be quickly reversed to change sizes.

4
HEX Sizes

1/4, 5/16, 3/8
& 7/16 in.

4IN1

Positive Lock

A quick-release, secure positive lock secures telescoping shaft in position and prevents collapsing when forceful in-line pressure is applied during use.

3 Position Combinations

The 4-in-1 Nut Driver is perfect for pocket or pouch, and offers superior performance, ease of use and long service life. The driver shaft can be extended or retracted to produce three different end to end combinations: 1/4 and 5/16 in.; 3/8 and 5/16 in.; and 1/4 and 7/16 in.

Sure Fastener Engagement

Hardened chrome vanadium steel sockets offer sure fastener engagement and control. The comfortable 3-lobe handle is made of high-torque ABS plastic, and a non-slip TPR over-molded grip offers additional comfort and control on the job.

Two Package Types

Available in Single Packs and 12 Pack Box Display!
