ALSO AVAILABLE...

COILJET®-200E

Portable and powerful for bigger jobs. The CoilJet-200E offers more pressure, continuous water supply, and 110V convenience when compared to the fully portable and rechargeable CJ-125 model. It's perfect for rooftop units, evaporators, condenser coils, and refrigeration coils.

MIN-SPLIT BIB™ KIT

The fastest way to clean ductless mini split coils, fans, and more. The Bib Kit keeps water away from walls and other surroundings while directing it into the 5 gallon bucket for disposal.

COILSHOT®

Take the waste and guesswork out of coil cleaning with the CoilShot® tool and tablet coil cleaning system. It's simple to use and one pack of tablets replaces a whole case of coil cleaner. Simply load the tablet and clean, it's that easy. Add the optional wand for even better results by cleaning coils from the back.

MINI-SPLIT CASSETTE BIB™ KIT

Designed specifically for ductless ceiling cassette cassettes, the Mini-Split Cassette Bib™ Kit from SpeedClean is the fastest and safest way to clean ductless ceiling cassettes.

NEW!

CARRY A CASE OF COIL CLEANER IN YOUR POCKET?

Lugging around gallon jugs of liquid coil cleaner is a fact of life when cleaning coils, right?

It was...yesterday. But now, the CoilShot® condenser coil cleaner, with its small dissolving tablets, has replaced those bulky jugs. No more heavy lifting. No more clutter and mess in the back of your van.

Load a tablet into the CoilShot® unit, turn on the water and produce a powerful foaming coil cleaner that's non-toxic and plant-friendly. Use one or two tablets per job—no mess, no leftover, and no customer complaints to deal with.

Smaller, lighter and safer, CoilShot® is your best shot. Fire away.
