

WALK-IN REFRIGERATION SYSTEM REQUIREMENTS

TO BE COMPLETED BY SALES PERSONNEL

Refrigerant	
Box Temperature	
Voltage	
Phases	

Length	
Width	
Height	

Box Location	<input type="checkbox"/> Inside <input type="checkbox"/> Outside
---------------------	--

Condensing Unit Location	<input type="checkbox"/> Inside <input type="checkbox"/> Outside
---------------------------------	--

Outside Ambient Temperature	_____ degrees <input type="checkbox"/> F or <input type="checkbox"/> C
------------------------------------	---

Floor	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Insulated <input type="checkbox"/> Non-Insulated
--------------	--

Doors	# _____ Size _____ <input type="checkbox"/> Glass <input type="checkbox"/> Dock
--------------	---

Wall Insulation	Type _____ Thickness _____ in.
------------------------	---------------------------------------

Lights	# _____ Wattage Ea _____
---------------	---------------------------------

Ceiling Insulation	Type _____ Thickness _____ in.
---------------------------	---------------------------------------

Product Description

Amount of Product	_____ Lb.
Entering Product Temperature	_____ degrees <input type="checkbox"/> F or <input type="checkbox"/> C
Pull Down Time	

People	# _____
---------------	---------

Usage	<input type="checkbox"/> Normal <input type="checkbox"/> Heavy
--------------	--
