EXCLUSIVELY FOR HVAC
PROFESSIONALS

DON'T BE FOOLED BY
IMITATIONS

At PRO1, we focus our design efforts on your needs as a professional.
We offer a full line of thermostats to fit your every need. Our thermostats
are easy to install, simple to operate and sold exclusively to heating
and cooling professionals.

www.pro1iaq.com

THE ORIGINAL BRAND FOR
PROFESSIONALS

Since PRO1's inception, we have been dedicated exclusively to the professional HVAC channel. Our full line of thermostats simplifies installs and generates future business. The standard subbase, simple user interface, and large displays make PRO1 the simplest thermostat on the market today. If you experience a complication, we have a fantastic network of local representation and an experienced technical support team located in the USA.

500 Series   600 Series   700 Series   800 Series

THE P⏻WER OF PARTNERSHIP

THE PRO1 DIFFERENCE

What makes PRO1 different from all the other thermostat manufacturers? We focus our business around you - the Installer. PRO1 offers a full line of thermostats to fit your every need. We understand your business and are very thankful for your partnership.

No Big Box Retail

You don't have to compete with the giant big-box stores. We sell our products exclusively to professional HVAC distributors.

Partnership

PRO1 is 100% linked to the professional HVAC industry. Your success is our success.

Customer Support

Tired of calling overseas when you have a problem with your installation? Our customer service team is well-trained and located in the USA.

"At PRO1, we focus our design efforts on your needs as a professional."

Easy Operation

Homeowners and installers love our simple operation. From installation to programming, all of our products work the same.

High Value

We pride our business on being the best value in the industry. With PRO1 you get a feature-rich thermostat for a great price.
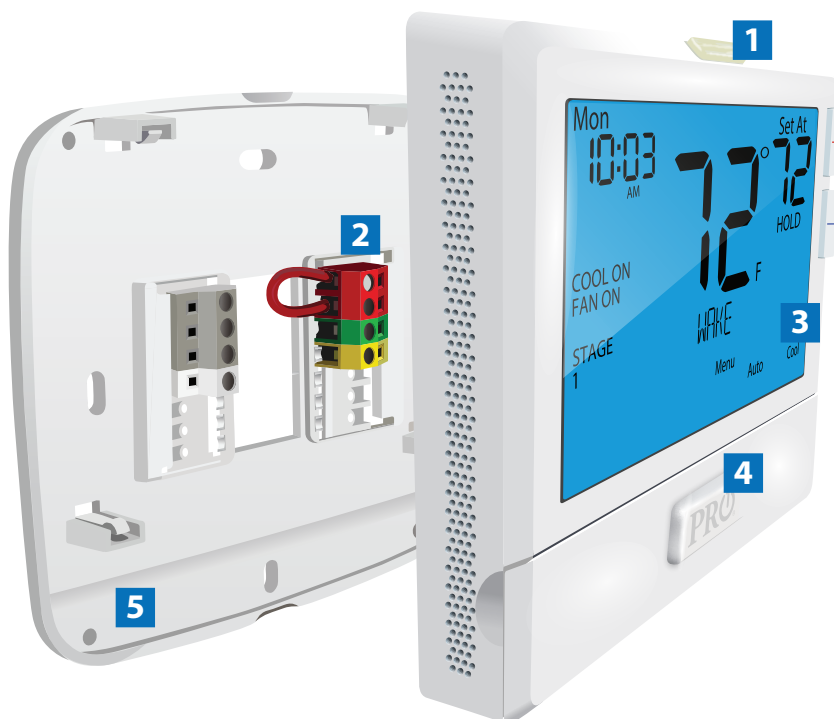

Free Color Private Label

At PRO1 we offer a FREE color private label program. Make your company the thermostat brand and generate future business.

YOUR LOGO HERE
303.555.1234

A THERMOSTAT COMPANY DESIGNED FOR THE PROFESSIONAL TRADE

We focus all of our engineering efforts on your needs as a professional. PRO1 has pioneered many features that make your installations as simple and easy as possible.

1 Glow In The Dark Light Button
PRO1 thermostats have a glow in the dark light button making it easy to check the ambient temperature in the dark without changing any settings.

2 Color Coded Terminal Blocks
All PRO1 thermostats come with color coded terminal blocks and large wiring channels to make wiring as simple as possible.

3 Large Easy To Read Displays
PRO1 thermostats have large blue back-lit displays to make the ambient and setpoint temperature easy to locate and read.

4 Private Label Badge System
All PRO1 thermostats share a removable badge system that can be easily replaced with a custom badge that has your company's contact information. This free service is a great way to generate future business for your company.

5 Interchangeable Subbase
All PRO1 thermostats have the same size footprint, making model upgrading a breeze. No wiring and no painting necessary.

> *"A huge improvement to the room. The wireless thermostat moves the sensor away from the heat/cool source and looks great on the wall."*

THE MOST COMPLETE PTAC OFFERING IN THE INDUSTRY

PRO1 has pioneered a full line of products, designed to improve comfort in hotels and spaces that use PTAC units as the primary heat and cool source. The wireless models can also be used to improve comfort in conventional systems.

PRO

WIFI THERMOSTATS

Connected homes are a rapidly growing market segment and homeowners are requesting connected devices more every day. With PRO1, you have four great and reliable models to offer with confidence.

T855iSH
Universal - WIFI
Residential/Light Commercial
Up to 5 Heat, 3 Cool Heat Pump
Up to 2 Heat, 2 Cool Conventional
Hardwire Only

- Exclusively for HVAC professionals.
- Compatible with every PRO1 subbase.
- ENERGY STAR compliant.

T751i
Universal - WIFI
Residential
4 Heat, 2 Cool Heat Pump
2 Heat, 2 Cool Conventional
Hardwire Only

- Exclusively for HVAC professionals.
- Compatible with any 2H/1C Heat Pump or 1H/1C Conventional PRO1 subbase.
- ENERGY STAR compliant.

T721i
Heat Pump/Conventional - WIFI
Residential
2 Heat, 1 Cool Heat Pump
1 Heat, 1 Cool Conventional
Hardwire Only

- Exclusively for HVAC professionals.
- Compatible with any 2H/1C Heat Pump or 1H/1C Conventional PRO1 subbase.
- ENERGY STAR compliant.

T701i
Single Stage - WIFI
Residential
1 Heat, 1 Cool
Hardwire Only

- Exclusively for HVAC professionals.
- Compatible with any 1H/1C Conventional PRO1 subbase.
- ENERGY STAR compliant.

WIFI MADE SIMPLE

Easy Operation

Keeping the app simple minimizes call backs for technicians as well as confusion and frustration for homeowners. While other brands focus on complicated features and high-priced designs, PRO1 strives to be the easiest-to-use solution on the market. The setpoint slider, intuitive scheduling, dynamic fan, and system buttons make managing comfort fun and convenient.

Simple Scheduling

Using a schedule saves time and money while keeping your home comfortable. However, in today's world many people do not fit into the conventional 5/1/1 routine. The PRO1 Connect app makes customizing your schedule easier than ever before.
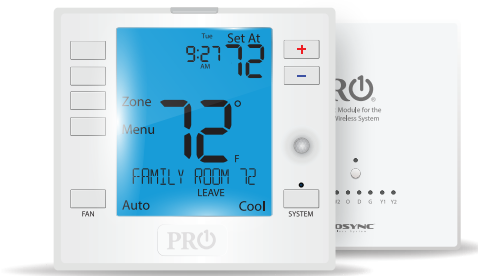

SOPHISTICATED WIRELESS TECHNOLOGY.

If you are upgrading systems, want to move a thermostat's location, or need extra wires for any reason, the T755WHO is the perfect solution. Simply wire the equipment module to the air handler and place the thermostat exactly where you want it maximizing comfort, control, and convenience. The PROsync™ Wireless System is the perfect solution to add a premium look and performance at an affordable price.

PROSYNC™ WIRELESS SYSTEM

The PROsync™ Wireless System has revolutionized comfort. The biggest complaint from people in multi-story homes using a single system is that they can't get comfortable in each room. Adding wireless remote sensors throughout a home provides a more accurate temperature reading and allows the homeowner to configure their system in three unique ways to match their lifestyle, putting them in control.

SYSTEM AVERAGE

Average all remotes together to provide a more accurate temperature of the entire home. Adjusting the temperature from any remote will temporarily put that room in control of the system.

SCHEDULING

Program the system to make different rooms in control for each part of the day. For homeowners with predictable schedules, this ensures each room will be the target temperature when scheduled to be used.

OCCUPANCY SENSING

For homes with less predictable schedules, using the built-in occupancy sensors moves the comfort around the home with you without the need for scheduling.

THE POWER OF PARTNERSHIP

Your partnership has led us to become one of the largest thermostat manufacturers in the USA. We are proud to celebrate over a decade of exclusively supporting the professional channel. At PRO1 we understand your business and want to thank you for your partnership and continued support. As a way to show our customers our appreciation, we offer a Loyalty Points Program as a way to reward and thank you for your business. Simply collect your box tabs and visit pro1iaq.com to redeem for gift cards or PRO1 gear.

PRO

PRIVATE LABEL PROGRAM

Completely FREE

This service is a courtesy, free of charge. No thermostat order is required. Whether you install one thermostat a week or a hundred, this program is for you.

Fully Customizable

Fully customize your badge with your full-color logo or print your information in standard text. Your choice. If you need assistance with a file or design, we are here to help make you look like the PRO.

Order Direct

Since we do not require a thermostat order, technicians are welcome to order their badges direct from us and buy thermostats wherever they choose. Or have your favorite distributor order and have them waiting, hassle-free.

Universal

The magnetic badge fits on every PRO1 model. Do you find yourself installing a conventional system one day and then a heat pump the next? WIFI occasionally? No problem, PRO1 has you covered.
